

Your Award Winning Insurer

IMPORTANT INFORMATION: PLEASE READ THE FOLLOWING INFORMATION BEFORE COMPLETING THIS PROPOSAL

A. Your Duty of Disclosure

Before you enter into an insurance contract, you have a duty to tell us anything that you know, or could reasonably be expected to know that may affect our decision to insure you and on what terms.

You have this duty until we agree to insure you.

You have the same duty before you renew, extend, vary or reinstate an insurance contract.

You do not need to tell us anything that:

- · reduces the risk we insure you for; or
- is common knowledge; or
- we know or should know as an insurer; or
- we waive your duty to tell us about.

If you do not tell us something

If you do not tell us anything you are required to, we may cancel your contract or reduce the amount we will pay you if you make a claim, or both.

If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed.

B. Claims Made and Notified Policy

Sections 1.1 Products-Completed Operations Liability, 1.5 Clinicial Trial Coverage, 1.8 Errors & Omissions Liability for Economic Injury, 1.9 Biological Agents Liability and 1.10 Data Breach Expense Coverage of this policy are issued on a 'Claims made and Notified' basis. This means that the policy responds to:

- a) claims first made against the insured during the policy period and notified to us during the policy period, provided that the
 insured was not aware at any time before policy inception of facts, matters or circumstances which would have put a
 reasonable person in the insured's position on notice that a claim may be made against the insured; and
- b) written notification of facts, matters or circumstances pursuant to section 40(3) of the Insurance Contracts Act 1984. The facts, matters or circumstances the insured may decide to notify are those which might give rise to a claim against the insured. Such notification must be given as soon as reasonably practicable after the insured becomes aware of the facts, matters or circumstances and before expiry of the policy period. If the insured gives this written notification, the policy will respond even though a claim arising from those facts, matters or circumstances is made against the insured after the policy has expired.

After the policy period expires, no new notification of facts, matters or circumstances or claims may be made on the expired policy even though the event giving rise to the claim against you may have occurred during the policy period. An exception to this is where an extended reporting period applies to the policy. If an extended reporting period applies, then cover may be available for notifications of facts, matters, circumstances or claims made up to expiry of the extended reporting period.

When completing the proposal the insured is required to provide full details of all facts, matters and circumstances of which they are aware and which a reasonable person in the insured's position would consider may give rise to a claim. It is important that the insured make proper disclosure. Refer to the Duty of Disclosure above to understand the insured's disclosure obligations.

Retroactive Date

Where coverage is provided on a Claims Made and Notified Basis, this policy does not provide cover for claims arising from or in connection with an act, error, omission or event occurring or alleged to have occurred before the policy's retroactive date where such a date is specified in the schedule.

C. Subrogation Agreements

Where another person would be liable to compensate you for any loss or damage otherwise covered by the insurance, but you have agreed with that person either before or after the loss or damage occurred that you would not seek to recover any monies from that person, the Insurer will not cover you under the insurance for such loss or damage.
